

Electric Ice Cream Maker with Removable Bowl

This electric ice cream maker is designed for creating homemade ice cream, sorbet, and frozen yogurt. It features a motorized base unit, a removable freezing bowl, and a transparent lid for monitoring the ice cream making process.

Product Overview

Compact Electric Ice Cream Maker

The ICK-1200 is a versatile electric ice cream maker designed for efficient home use, featuring a 1.2L removable quick-freeze bowl. Its intelligent design includes a reversible motor for thorough mixing and a built-in thermostat to ensure consistent results. With its compact footprint, anti-skid base, and simple operation, this unit is an ideal solution for creating homemade ice cream, sorbet, and frozen yogurt.

Technical Specifications

Power Consumption

12 W Low Power	15 W High Power
--------------------------	---------------------------

Model Number	ICK-1200
Capacity	1.2 L
Power Input	100V-240V 50Hz/60Hz

Performance & Safety

Continuous Operation Time	40 min
Noise Level	65 dba
Safety & Stability	Anti-skid rubber base, Reversible thermostat, Removable bowl

Design Details

Cord Length	160 cm
Motor Motion	Left and Right motion
