

Electric Impact Drill

This impact drill operates at 230V and 50Hz with a power of 500W. It delivers a speed of 2800min⁻¹ and supports drill bit sizes from 1.5mm to 13mm.

Product Overview

Professional Electric Impact Drill

This versatile electric impact drill is designed for precision and reliability in various drilling applications. With a robust 500W motor and a no-load speed of 2800min⁻¹, it provides the power necessary for efficient performance on professional job sites. Its compact design and adjustable chuck capacity make it an essential tool for handling drill bits ranging from 1.5mm to 13mm.

Technical Specifications

Rated Voltage	230 V
Frequency	50 Hz
Power Input	500 W

Performance Metrics

No-Load Speed

2800 min⁻¹
Speed

Drill Bit Capacity	1.5mm - 13mm
