## Product Overview

### Effective Indoor Pest Control

This electric insect killer lamp provides a chemical-free solution for eliminating mosquitoes and flying insects in indoor environments. Constructed from durable ABS and PP materials, it features a safe, protective outer cage and an internal high-voltage grid designed for efficient pest reduction. The unit is equipped with a convenient hanging loop, making it easy to position in various indoor settings for optimal coverage.

## Technical Specifications

Power Consumption	3 W
Light Source	LED Bulb
Construction Materials	ABS, PP

## Features

### Key Features

- Electric shock grid technology
- Protective safety cage
- Integrated hanging loop
- Chemical-free operation

### Usage Environment

Indoor Use
