

# Electric Iron with Adjustable Temperature and Steam

This electric iron features adjustable temperature and steam settings. It is equipped with a non-stick soleplate and thermostat control.

## Product Overview

### Professional Steam Ironing Solution

This electric iron is designed for efficient fabric care, featuring a non-stick soleplate that ensures smooth gliding across various materials. Equipped with adjustable temperature controls and a dedicated steam function, it effectively removes stubborn wrinkles for a professional finish. The design prioritizes user comfort and safety, incorporating an ergonomic handle, a swivel cord for maneuverability, and an automatic safety shut-off feature.

## Technical Specifications

Soleplate Material	Non-stick
Temperature Control	Yes
Steam Function	Yes

## Features & Convenience

### Design Elements

- Ergonomic handle
- Swivel cord for maneuverability

Safety Features	Automatic Shut-off
