

Electric Juice Extractor

This kitchen appliance efficiently extracts juice from various fruits and vegetables. It features a stainless steel body, feeding chute, pulp container, juice spout, multiple speed settings, and a safety locking arm.

Product Overview

High-Efficiency Whole Fruit Juicer

This electric juice extractor is designed for efficient, high-volume juice production, featuring a wide feed tube capable of processing whole apples and vegetables without pre-cutting. Equipped with a powerful 700W motor and a durable stainless steel micro-mesh filter basket, it ensures optimal juice extraction and pulp separation. The unit includes dual speed settings and a safety locking arm, making it a reliable and versatile choice for professional or home kitchen environments.
