

Electric Kettle

This electric kettle is designed for rapid water boiling. It is suitable for preparing tea, coffee, and other hot beverages with ease.

Product Overview

Professional Dual-Basket Frying Performance

This double deep fryer is engineered for versatility and efficiency, featuring two independent frying baskets and dedicated temperature controls. With its durable brushed stainless steel exterior and sleek black accents, it is built for both home and light commercial environments. The dual-system design allows for simultaneous preparation of different foods, ensuring optimal workflow and convenience.

Technical Specifications

Intended Use

Home Use • Light Commercial

Housing Material

Brushed Stainless Steel

Design Features

Dual-Basket System, Independent Thermostats, Stainless Steel Finish

Performance Metrics

Operational Capability

- Dual heating elements
- Independent temperature control per side
- Simultaneous multi-food preparation
