

Electric Kettle and Tea Maker Set

This set features a stainless steel electric kettle and a glass tea carafe. Both appliances sit on a warming base, combining functionality and style.

Product Overview

Modern Brewing Solution

This electric kettle and tea maker set offers a sophisticated solution for modern kitchens. Featuring a high-quality stainless steel kettle and a complementary glass tea carafe, the system is designed for both durability and aesthetic appeal. The integrated warming base provides convenient temperature control, making it an ideal choice for professional or home use.
