

Electric Kettle with Automatic Shut-Off

This electric kettle rapidly boils water for beverages and cooking. It includes a transparent water level indicator and an automatic shut-off function for safety.

Product Overview

Efficient Boiling Performance

This electric kettle is designed for reliable, high-speed boiling, featuring a powerful 1800W-2200W heating element. With a generous 1.8L capacity, it is suitable for both home and office environments. The cordless, 360-degree rotational design ensures ease of use, while safety features like automatic shut-off and boil-dry protection provide peace of mind.
