

Electric Kettle with Stainless Steel Body

This electric kettle features a sleek stainless steel body and an ergonomic handle. Designed for rapid boiling, the kettle includes a concealed heating element, a removable filter, and automatic shut-off for safety.

Product Overview

Professional Stainless Steel Electric Kettle

The T-906 electric kettle combines a durable stainless steel exterior with modern safety features, making it an ideal choice for high-volume kitchen environments. With a 1.7-liter capacity and rapid-boil technology, it offers efficient performance for daily use. Engineered for convenience, it includes an automatic shut-off function and boil-dry protection to ensure user safety and longevity.
