

Electric Kettle with Water Level Indicator

This electric kettle is designed for boiling water quickly. It features a visible water level indicator for ease of use.

Overview

Efficient Boiling Performance

This electric kettle is designed for reliable daily use, featuring a generous 1.7L capacity perfect for home or office environments. Engineered with a powerful 1850-2200W heating element, it ensures rapid water boiling to save time. The inclusion of a clear water level indicator allows for precise filling, while its functional design prioritizes ease of use and durability for professional buyers.
