

Electric Kettle with Water Level Indicator

This electric kettle features a stainless steel body and a convenient water level indicator with blue illumination. It offers rapid boiling and automatic shut-off for safety.

Overview

Efficient Boiling Solution

This electric kettle features a durable stainless steel body designed for reliability and daily use. It is equipped with a convenient water level indicator with blue illumination, allowing for precise measurements during operation. With rapid boiling capabilities and an automatic shut-off safety feature, it is an ideal choice for quickly heating water for tea, coffee, or other hot beverages.
