Product Overview

Efficient Home Meat Processing

This electric meat grinder is designed to simplify meal preparation by offering a powerful and reliable solution for grinding meat at home. Featuring a durable stainless steel blade and detachable aluminum die-cast parts, it ensures both longevity and ease of cleaning. With added conveniences like a portable handle, non-slip rubber feet, and a reverse function to prevent clogging, this unit is built for both performance and user-friendly operation.

Key Features

Main Features

- Powerful motor for efficient processing
- Reverse function to prevent clogging
- Portable handle for easy transport
- Low noise operation level
- Detachable power board

Construction & Design

Design Advantages

Easy to remove cap • Large capacity • Detachable parts

Materials & Build

Stainless Steel Blade, Aluminum Die-cast Components, Non-slip Rubber Feet
