

Electric Meat Grinder with 600W Motor

This electric meat grinder features a 600W motor for powerful and efficient meat processing. It includes multiple cutting discs for various meat textures and a sausage filler attachment.

Product Overview

Professional Meat Grinding Solution

This electric meat grinder is engineered for high-performance meat processing, featuring a robust 600W motor and a durable die-cast grinder head. Designed for versatility, it comes equipped with multiple cutting discs for coarse, normal, and fine grinds, along with a sausage filler attachment. The unit prioritizes ease of use with dedicated controls for power and reverse functions, making it an essential tool for consistent and efficient results.
