Overview

High-Performance Urban Mobility

This electric motorcycle is engineered for efficient urban commuting and delivery services, combining a powerful 4200W center motor with a robust chassis. It delivers a smooth, quiet ride with a top speed of 90 km/h and an impressive range of up to 200 km. Designed with modern technology in mind, it features smart connectivity, responsive handling, and a reliable braking system for a safe and enjoyable riding experience.

Performance

Braking System

CBS • Regenerative Braking

Maximum Speed	90 km/h
Maximum Range	200 km
Motor Power	4200 W
Maximum Torque	41/165 N.m

Battery & Power

Available Battery Capacities

- 64V 20Ah
- 64V 28Ah
- 64V 30Ah
- 64V 42Ah

Battery Configuration	Dual battery support
-----------------------	----------------------

Physical Dimensions

Dimensions (L*W*H)	1885*750*1145 mm
Tire Size (Front/Rear)	100/80-12

Features

Technology & Connectivity	Tire pressure monitoring, Mobile APP connectivity, Digital Display, LED Lighting
