

# Electric Multi-Cooker with Digital Display

This electric multi-cooker is designed for efficient and safe cooking. It features a digital display for precise time and pressure control, multiple preset cooking programs, and a durable stainless steel construction.

## Product Overview

### Efficient Digital Multi-Cooker

This compact electric multi-cooker is designed for efficiency and precision in professional or home kitchen environments. Featuring a durable stainless steel outer shell and a 2.5L capacity, it offers reliable performance for a variety of cooking needs. With advanced digital controls, including adjustable pressure settings and a programmable timer, this unit ensures consistent results while prioritizing safety.

## Performance Metrics

### Rated Power

**600 W**

Power Output

Capacity	2.5 L
Inner Pot Caliber	16 cm

## Technical Specifications

Power Supply	220V / 50Hz
Working Pressure	0-70 KPa
Limited Pressure	90 KPa

## Features

Heat Preservation Range	60-80°C
Advanced Setting Time	0.5 - 8 hours

## Construction

Material Composition	Stainless Steel
