

# Electric Multi-Cooker with Non-Stick Pot

This compact electric multi-cooker is designed for versatile cooking applications. It features a non-stick inner pot for easy cleaning and a transparent glass lid for monitoring cooking progress.

## Product Overview

### Versatile Culinary Performance

This compact electric multi-cooker is engineered for diverse kitchen tasks, making it a reliable solution for preparing rice, soups, stews, and noodles. Its 1.5-liter capacity and user-friendly rotary temperature control provide precise cooking performance in a space-saving design. Built for convenience, it features a non-stick inner pot for effortless cleaning and cool-touch handles for safe operation.

## Technical Specifications

### Electrical Requirements

- 120V
- 60Hz

Power Consumption	600 W
Capacity	1.5 L

## Features

### Ideal For

- Rice
- Soups
- Stews
- Noodles

Product Highlights	Non-stick pot, Cool-touch handles, Transparent glass lid, Adjustable temperature
