

Electric Multi-Purpose Grinder for Coffee and Soy Beans

This compact electric grinder efficiently grinds coffee beans, soy beans, and other dry ingredients. It features a clear lid to monitor the grinding process and simple push-button operation.

Product Overview

Versatile Kitchen Grinding Solution

This electric multi-purpose grinder is designed for efficient processing of dry ingredients, including coffee beans and soy beans. Featuring a compact and sleek design, it fits perfectly into any kitchen environment while offering simple, push-button operation. The unit is built with a durable full copper motor and a lightweight PP housing, making it an ideal choice for small batches of freshly ground ingredients.
