

Electric Non-Stick Skillet with Glass Lid

This electric skillet features a non-stick surface and adjustable temperature control for versatile cooking. A tempered glass lid allows for easy monitoring, while cool-touch handles and a detachable power cord add convenience.

Product Overview

Versatile Electric Cooking

This electric non-stick skillet is designed for professional-grade versatility in any kitchen environment. Featuring a square-shaped pan with high sides and an integrated heating element, it is perfect for frying, sautéing, and simmering a wide variety of dishes. The inclusion of a tempered glass lid and cool-touch handles ensures both safety and ease of use during the cooking process.
