

Electric Oil-Filled Radiator Heater

This electric oil-filled radiator provides space heating for indoor environments. It features adjustable heat settings and a thermostat for customized comfort.

Product Overview

Efficient Space Heating Solution

This electric oil-filled radiator provides reliable and efficient heating for indoor spaces. Designed with safety as a priority, it features a triple overheat protection system and has been pressure-tested for durability. With adjustable thermostat controls and multiple heat settings, it offers customizable comfort for various room sizes.

Technical Specifications

Voltage	220-240V
Frequency	50/60Hz
Fin Size	150*580MM
Certifications	GS, CE, EMC, ROHS

Key Features

Core Features

- 3 heat settings
- Adjustable thermostat control
- Triple overheat protection system
- Operation switches with indicator lights
- Pressure tested for safety
- Large heating surface and radiation
- Smooth castors for easy movement
- Integrated cord storage
- Easy to clean
