

Electric Pallet Truck, 2000kg Capacity

This electric pallet truck is designed for the efficient and safe horizontal transportation of palletized goods. It features a user-friendly control handle for smooth operation and precise maneuvering in tight spaces.

Overview

Efficient Material Handling

This electric pallet truck is engineered for the efficient and safe horizontal transportation of palletized goods in demanding warehouse environments. Featuring a robust construction, it ensures long-term durability and reliability. The ergonomic design and user-friendly control handle allow for precise maneuvering, even in tight spaces, while the high-capacity battery supports extended operational runtimes.

Performance

Load Capacity	2000 kg
Model Number	CBD20J

Safety & Operation

Operational Highlights

- Ergonomic control handle
- High-capacity battery
- Optimized for tight spaces

Safety Features	Emergency Stop, Automatic Braking
