

Electric Pedestal Fan with Adjustable Stand

This electric fan features a circular fan head with multiple blades enclosed in a protective grill. Mounted on an adjustable stand with a circular base, it provides air circulation and ventilation.

Overview

Versatile Air Circulation Solution

This electric pedestal fan is engineered to provide efficient air circulation and ventilation in professional environments. Featuring a robust adjustable stand and a stable circular base, it offers flexibility in height to meet specific cooling requirements. The unit is equipped with a high-performance blade assembly protected by a durable grill, ensuring both safety and reliable airflow.

Technical Specifications

Primary Application

Air Circulation • Ventilation

Design Features

Adjustable Stand, Circular Base, Safety Grill, Multi-blade System

Finish

White
