

Electric Power Drill 10mm Steel 25mm Wood Capacity

This electric power drill is capable of drilling into steel up to 10mm and wood up to 25mm. It features a no-load speed of 0-2500r/min and a rated input power of 460W.

Overview

Versatile Electric Power Drill

This electric power drill is engineered for precision and reliability in various drilling applications. With a robust 460W motor, it delivers consistent performance for both professional and DIY tasks. It features a versatile drilling capacity of 10mm for steel and 25mm for wood, making it an essential tool for workshops and construction sites.
