

Electric Powered Chainsaw for Wood Cutting

This electric chainsaw is designed for cutting wood. It features a durable chain and blade, an ergonomic handle for comfortable grip, and a powerful electric motor for efficient cutting.

Product Overview

High-Performance Electric Chainsaw

This electric chainsaw is engineered for efficient wood cutting, pruning, and limbing tasks. Powered by a robust 2000W induction motor, it delivers consistent performance with a chain speed of 13m/s. Designed for convenience, it features versatile bar length options and user-friendly adjustment mechanisms to ensure reliability in various cutting applications.

Technical Specifications

Rated Power	2000 W
Voltage/Frequency	230V–240V / 50Hz
Motor Type	Induction motor

Performance Metrics

Performance Highlights

7800 rpm

No-load Speed

13 m/s

Chain Speed

Configuration & Setup

Adjustment Methods

- Tool-free adjustment
- Wrench adjustment

Available Bar Lengths	16 inch, 18 inch
