

# Electric Powered Motorcycle

This electric motorcycle offers a modern and eco-friendly transportation solution. Its electric powertrain delivers instant torque and quiet operation, making it ideal for urban commuting and recreational riding.

## ADDITIONAL IMAGES

## Product Overview

### High-Performance Electric Mobility

The M3 electric motorcycle is engineered for efficient urban commuting and recreational riding. Featuring a powerful motor ranging from 2000W to 5000W, this vehicle delivers instant torque and quiet operation. Its modern, aerodynamic design combined with robust components makes it a compelling choice for eco-friendly transportation.

## Performance & Power

### Motor Power Range

**2000 W**

Minimum Power

**5000 W**

Maximum Power

### Battery Compatibility

Lithium battery, Lead-acid battery

## Design & Features

### Key Features

- Aerodynamic front fairing
- Digital display dashboard
- Disc braking system
- Alloy wheels
- Sporty, compact frame design

### Design Style

Sporty • Modern • Eco-friendly
