

Electric Pressure Washer with Induction Motor

This electric pressure washer is designed for efficient and powerful cleaning. It features a durable plastic housing and wheels for portability, making it suitable for various outdoor cleaning tasks.

Product Overview

Industrial-Grade Cleaning Efficiency

This electric pressure washer is engineered for demanding cleaning tasks, featuring a high-performance induction motor that ensures durability and consistent power. Designed for both mobility and rugged outdoor use, the unit includes a robust chassis, integrated wheels, and simplified water connectivity. It serves as an ideal solution for professional maintenance environments requiring reliable, high-pressure output.

Technical Specifications

Motor Technology

Induction Motor

Portability

- Integrated wheel system
- Durable housing
- Quick-connect water inlet

Suitable Applications

Outdoor Cleaning, Professional Maintenance, Surface Preparation
