

# Electric Pulling Winch

This electric winch is designed for heavy-duty pulling applications. It features a robust motor, durable steel cable, and remote control for safe operation.

## ADDITIONAL IMAGES

## Overview

### Heavy-Duty Electric Pulling Winch

This 12V DC electric winch is engineered for demanding pulling applications, offering a robust 10,000 lbs pulling capacity. It features a high-performance series wound motor and a full metal 3-stage planetary gear system for reliable operation in vehicle recovery and industrial settings. Designed for durability and ease of use, it includes an automatic braking system, weather-sealed components, and convenient remote control operation.

## Performance Metrics

### Rated Line Pull

**10000 lbs**  
Rated Line Pull

**4545 kgs**  
Rated Line Pull

Gear Ratio	294:1
Motor	12V DC, 6.0hp (4.4kw) Series wound
Braking System	Automatic braking system

## Physical Dimensions

Overall Dimensions	21.85" x 6.14" x 8.74" (555mm x 156mm x 222mm)
Drum Size	2.48" x 8.98" (63mm x 228mm)

## Wire Rope & Fairlead

Wire Rope Dimensions	0.36" x 92' (9.2mm x 28m)
Fairlead Type	Heavy duty 4-Way Roller fairlead

## Features & Control

### Durability Features

Weather sealed solenoid • Full metal 3-stage planetary gear • Free-spooling capable

### Control Options

Power load in, Power out, Sealed handlebar remote, Lever shift clutch
