

Electric Purple Clay Rice Cooker

This electric rice cooker features a high-efficiency heating system for fast cooking and easy cleaning. The handmade inner purple clay pot helps keep the nutrition more fresh.

Product Overview

Natural Flavor Preservation

This electric rice cooker features a hand-crafted inner purple clay pot designed to lock in nutrients and maintain freshness. The exterior is constructed from high-quality imported PC material, ensuring a pollution-free and durable build. Equipped with an efficient heating system and intuitive LED display, it combines traditional clay cooking methods with modern convenience for busy professionals.
