

Electric Rice Cooker with Steamer Basket

This electric rice cooker is a versatile kitchen appliance designed for cooking rice and steaming food simultaneously. It features a non-stick inner pot for easy cleaning and a steaming basket for vegetables or other foods.

Product Overview

Versatile Kitchen Efficiency

This electric rice cooker is designed for high-efficiency commercial or home kitchen use, offering a dual-function design that allows for simultaneous cooking and steaming. With its durable non-stick inner pot and included stainless steel steaming basket, it provides excellent versatility for preparing rice, vegetables, and other sides. The intuitive control system includes a reliable keep-warm function to maintain optimal serving temperatures throughout service.

Key Features
