

Electric Rice Cooker with Steaming Function

This electric rice cooker features a non-stick inner pot for easy cleaning and a tempered glass lid to monitor cooking. It also includes a steaming basket for versatile cooking and an automatic keep-warm function.

Product Overview

Professional Electric Rice Cooker

The TRC-353 is a versatile kitchen appliance designed for efficient, consistent rice preparation in professional environments. Featuring a high-quality non-stick inner pot, it ensures minimal food waste and effortless cleanup between uses. The inclusion of a dedicated steaming basket allows for additional cooking flexibility, while the automated keep-warm system guarantees that rice remains at the perfect serving temperature for extended periods.
