

# Electric Rice Cooker with Steaming Tray

This electric rice cooker features a non-stick inner pot for easy cleaning and even cooking. It includes a steaming tray for versatile meal preparation, allowing users to cook rice and steam vegetables simultaneously.

## Product Overview

### Versatile Cooking Solution

This electric rice cooker offers a versatile kitchen solution with a capacity ranging from 0.6 to 2.8 liters, making it suitable for various household needs. The non-stick inner pot ensures easy cleaning and consistent cooking results, while the included steaming tray allows for simultaneous cooking of rice and vegetables. Designed for simplicity and safety, it features a one-touch operation, an anti-blocking exhaust valve, and a reliable keep-warm function to maintain perfect serving temperatures.
