

# Electric Sightseeing Bus, 14 Passenger, 30km/h Max Speed

This electric sightseeing bus has a capacity of 14 passengers and a maximum speed of 30km/h. It is powered by a 5kW motor and achieves a range of 80km on a single charge.

## Overview

### Efficient Transport Solution

This 14-passenger electric sightseeing bus is designed for efficient, eco-friendly transport in tourist areas, resorts, and large campuses. With a robust 5kw motor and a reliable lead-acid battery system, it offers a practical range of 80km per charge. Its compact dimensions and 25% climbing capability make it highly versatile for navigating varied terrain comfortably.
