

# Electric Space Heater with Floral Design

This electric space heater provides supplemental warmth for home use. It features a mint green finish with a floral lotus design and is equipped with caster wheels for portability.

## Product Overview

### Elegant Comfort Meets Modern Efficiency

This electric space heater combines high-performance heating capabilities with a unique aesthetic, featuring a beautifully stylized lotus flower illustration on a mint green finish. Designed with rounded edges and convenient caster wheels, it offers both aesthetic appeal and effortless mobility for any professional or residential space. Its sleek rectangular profile ensures a compact footprint while providing consistent, reliable warmth.
