

Electric Space Heater with Metal Grill

This electric heater is designed for space heating. It features a protective metal grill, a control panel at the top, and a stable base.

Product Overview

Efficient Quartz Heating Solution

This portable quartz heater is designed for versatile indoor heating, featuring three halogen heating elements for rapid warmth. With adjustable power settings of 400W, 800W, and 1200W, it offers customizable comfort for various room sizes. The unit includes a safety tip-over switch and an oscillation function, combining high efficiency with essential safety features for reliable supplemental heating.

Technical Specifications

Power Levels

400 W Low	800 W Medium	1200 W High
