Overview

Aerodynamic design optimized for urban commuting.

Integrated LED lighting for enhanced visibility and modern aesthetics.

E-MUSTANG XRS Electric Motorcycle

The E-MUSTANG XRS is a high-performance electric motorcycle engineered for efficient urban commuting and recreational riding. Featuring a robust brushless motor and versatile lithium battery options, it offers a smooth, quiet, and eco-friendly transportation experience. Its aerodynamic design, combined with reliable disc brakes and a comfortable suspension system, ensures both style and safety for daily travel.

Performance

Range per Charge

60 km

Single Battery

120 km

Dual Battery

Motor Power

3000 W

Maximum Speed

60 km/h

Battery & Charging

Battery Specifications	72V, 20AH, Lithium, Portable
Charging Time	8 hours

Dimensions & Build

Dimensions (L x W x H)	1930 x 665 x 1143 mm
Wheelbase	1340 mm

Chassis & Handling

Robust rear structure with integrated taillight assembly.

Rear wheel integrated motor and shock absorber system.

Suspension Type

Location	Type
Front	Hydraulic Fork
Rear	Double Suspension

Braking System

- Front Disc Brake
- Rear Disc Brake

Tire Specifications

Position	Size
Front	130/60-13
Rear	120/70-12
