Product Overview

Efficient Stair Climbing Solution

This electric stair climbing trolley is designed to significantly reduce physical strain during the transportation of heavy goods. Equipped with a maintenance-free permanent magnetism brushless motor, it offers reliable performance for delivery services, warehouses, and construction sites. The unit features an adjustable frame and a robust battery system, ensuring efficient operation on stairs and inclines.

Model

QTP200C

Performance

Load Capacity

200 kg

Load Capacity

Climbing Speed

40 stairs/min

Power System

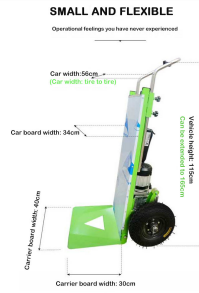

Motor Specifications

- 500W Rated Power
- 800RPM Speed
- Permanent Magnetism (PM) Brushless Motor
- Maintenance-free

Battery

48V, 12Ah

Physical Dimensions

Dimensional diagram showing height adjustability and width specifications.

Dimensions

Measurement	Value
Overall Size	165 x 40 x 60 cm
Vehicle Height	115 cm (extendable to 165 cm)
Car Width (Tire to Tire)	56 cm
Carrier Board Dimensions	40 x 30 cm
Unit Weight	39 kg
Wheel Type	3.50-5 Air

Features

Key Features

Stair Climbing • Easy Operation • External Electric Plug Charging
