

Electric Stand Mixer with Detachable Hand Mixer

This electric stand mixer is designed for food preparation and features a detachable hand mixer component. It includes a rotating bowl and beaters, suitable for mixing various ingredients.

Product Overview

Versatile Culinary Performance

The HM-618WB electric stand mixer is a dual-purpose appliance designed for efficient food preparation. Featuring a unique detachable hand mixer component, it offers the flexibility needed for both heavy-duty bowl mixing and quick, handheld tasks. Its compact, user-friendly design makes it an ideal solution for consistent results in baking and cooking applications.
