

Electric Stand Mixer with Detachable Hand Mixer

This electric stand mixer features a detachable hand mixer unit and includes a mixing bowl and two types of beaters: standard beaters for general mixing and dough hooks for kneading. The mixer is designed for efficient and versatile food preparation, suitable for a range of tasks from whipping cream to mixing batter and kneading dough.

Product Overview

Versatile Kitchen Performance

This electric stand mixer offers exceptional versatility for professional and home kitchens alike, featuring a clever design that allows the mixer unit to detach for use as a handheld device. It is engineered for a wide range of culinary tasks, from light whipping of cream to heavy-duty kneading of dough. Built with sturdy construction and an ergonomic focus, this appliance ensures reliable and efficient food preparation for various recipes.
