

Electric Steam Iron for Clothes

This electric steam iron features adjustable temperature settings for various fabric types and steam control options. It also includes a self-clean function and a ceramic soleplate for smooth gliding.

Overview

Professional Electric Steam Iron

This high-performance electric steam iron is designed for versatility and precision in garment care. Featuring multiple steam modes including vertical steam and burst functions, it ensures efficient wrinkle removal on various fabric types. With an adjustable temperature range of 60-240°C and a durable ceramic, stainless steel, or non-stick soleplate, it offers professional-grade results for all your ironing needs.
