

Electric Steam Iron for Garment Care

This electric steam iron provides both dry and steam ironing capabilities. It features a water level indicator and adjustable temperature control for selecting the appropriate heat setting for different fabric types.

Product Overview

Professional Garment Care Solution

The CL-168B steam iron is designed for efficient and reliable fabric care in both residential and professional settings. Featuring a versatile dual-mode operation for dry or steam ironing, it ensures precise heat management through an adjustable thermostat and control knob. With safety cut-out features and a durable soleplate, this unit provides a user-friendly experience for everyday garment maintenance.
