

# Electric Steam Iron for Garment Care

This electric steam iron is designed for efficient and effective garment care. It features a non-stick soleplate for smooth gliding over various fabric types and incorporates a water reservoir for steam generation to remove stubborn wrinkles.

## Product Overview

### Professional Garment Care Solution

This high-efficiency electric steam iron is engineered for superior garment care and wrinkle removal. Featuring a precision-engineered non-stick soleplate, it ensures a smooth glide across diverse fabric types, ranging from delicate silks to robust linens. With integrated steam burst technology and adjustable temperature controls, it provides professional-grade results while prioritizing user safety through an automatic shut-off mechanism.

## Performance & Features

### Suitable Fabrics
