

Electric Steam Iron with Adjustable Temperature

This electric steam iron is designed for efficient garment care. It features adjustable temperature settings, a non-stick soleplate, and both continuous and burst steam functions.

Overview

Professional Garment Care Solution

This electric steam iron is engineered for efficient and effective garment care, suitable for a wide range of fabrics from delicate silks to heavy cottons. It features a non-stick soleplate for smooth gliding and a powerful steam function for both continuous and burst wrinkle removal. Designed with safety and longevity in mind, it includes overheat protection, auto-shutoff, and a self-cleaning system.

Technical Specifications

Key Features

- Non-stick soleplate
- Adjustable temperature settings
- Continuous and burst steam function
- Transparent water tank
- Swivel cord for tangle-free movement

Performance Metrics

1200 W
Rated Power

Power Consumption	1200 W
Operating Voltage	220-240V, 50/60Hz

Safety & Maintenance

Maintenance

Self-cleaning system

Safety Features	Overheat Protection, Auto-shutoff
