

Electric Step-Through Bicycle

This electric bicycle features a step-through frame for easy access. It is equipped with a front headlight, comfortable seat, and optional rear storage.

Overview

Eco-Friendly Urban Transport

This electric step-through bicycle is designed for convenient and efficient urban commuting. Featuring an accessible frame geometry, it allows for effortless mounting and dismounting, making it ideal for daily riders. The integrated electric motor provides reliable propulsion, while the included safety features like front lighting and fenders ensure a comfortable and secure ride.
