

Electric Step-Through Bicycle Scooter

This electric bicycle scooter is ideal for urban commuting and leisure. It features a step-through frame, a comfortable seat with a backrest, and a front basket.

Overview

Urban Commuter Electric Scooter

This electric step-through bicycle scooter is engineered for efficient urban commuting and comfortable leisure rides. Designed with a low-frame geometry, it allows for effortless mounting and dismounting, making it highly accessible for daily use. The integrated electric motor provides reliable assistance, while the robust frame and stable tires ensure durability across city environments.
