

Electric Step-Through Bicycle with Basket and Rack

This electric bicycle features a step-through frame, front basket, and rear rack. It is designed for urban commuting and leisure, with pedal assist and potentially a throttle.

Overview

Urban Commuter Electric Bicycle

This electric step-through bicycle is designed for efficient urban commuting and leisure riding. Featuring a convenient step-through frame for easy mounting and dismounting, it comes equipped with a front basket and rear rack for versatile storage options. The bike integrates a rear hub motor and pedal-assist technology to ensure a smooth, effortless ride on paved surfaces.
