

# Electric Step-Through Bicycle with Integrated Display

This electric bicycle has a step-through frame for easy access and includes a front basket and rear rack for carrying items. An integrated display shows speed and battery level, and it features both pedal assist and throttle modes.

## Overview

### Designed for Comfort and Utility

This electric step-through bicycle is engineered for ease of use and versatility in urban environments. Featuring a low-frame design, it allows for effortless mounting and dismounting, making it suitable for a wide range of riders. The integrated display system keeps the user informed of speed and battery status, while the dual storage options ensure practicality for daily tasks.
