

# Electric Step-Through Bicycle with Passenger Seat

This electric bicycle is designed for urban commuting and leisure. It features a step-through frame, a front basket, and a rear seat with a backrest.

## Overview

### Urban Commuting Solution

This electric step-through bicycle is engineered for efficient urban commuting and comfortable leisure riding. Featuring a convenient step-through frame design, it ensures easy mounting and dismounting for riders of various heights. The integrated electric motor and battery system provide versatile assistance, while the rear passenger seat with a backrest adds practical utility for shared travel.
