

Electric Step-Through City Bicycle

This electric city bicycle is designed for urban commuting and leisure riding. It features a step-through frame for easy mounting and dismounting, an integrated battery and motor system for assisted pedaling, and is equipped with mudguards and a rear rack for practicality.

Product Overview

Urban Mobility Redefined

This electric city bicycle is engineered specifically for efficient urban commuting and relaxed leisure riding. Featuring a convenient step-through frame design, it ensures easy mounting and dismounting for riders of all abilities. The integrated battery and motor system provides seamless assisted pedaling, while included practical accessories like mudguards and a rear rack make it a versatile choice for daily errands and recreational cycling.
