

Electric Step-Through City Bicycle

This electric step-through bicycle features a low frame for easy mounting and dismounting. It is equipped with a front basket, rear rack, and fenders for practicality.

Product Overview

Electric Step-Through City Bicycle

This electric step-through bicycle is designed for convenient urban commuting, featuring a low frame geometry that allows for easy mounting and dismounting. It combines practical utility with comfort, offering an upright riding position and a supportive saddle. The integrated electric motor provides pedal assistance, making it an efficient solution for tackling hills and extending travel distances.
