

Electric Step-Through Scooter for Urban Commuting

This electric scooter is designed with a step-through frame for easy mounting and dismounting, making it suitable for urban commuting. It features a comfortable padded seat, rearview mirrors, and front and rear lights for enhanced safety.

Overview

Urban Commuting Solution

This electric step-through scooter is engineered specifically for efficient urban commuting, combining comfort with practical design. Featuring a durable step-through frame, it allows for easy mounting and dismounting, while the dual suspension system ensures a smooth ride over city streets. Equipped with essential safety features like front and rear lighting, rearview mirrors, and a protective metal guard, this vehicle is built for daily reliability.
