

Electric Step-Through Scooter Moped

This electric scooter moped features a step-through frame for easy access. It is designed for urban commuting and short trips.

Product Overview

Urban Mobility Solution

This electric step-through scooter moped is engineered for efficient urban commuting and short-distance travel. Featuring an accessible step-through frame design, it ensures easy mounting and dismounting for riders of all types. The vehicle combines a modern two-tone aesthetic with practical features like integrated mirrors and a high-visibility headlight, making it a reliable choice for daily transit.
